YOUR SOLUTION FOR REMOTELY MANAGING MISSION-CRITICAL ODORIZATION PROGRAMS
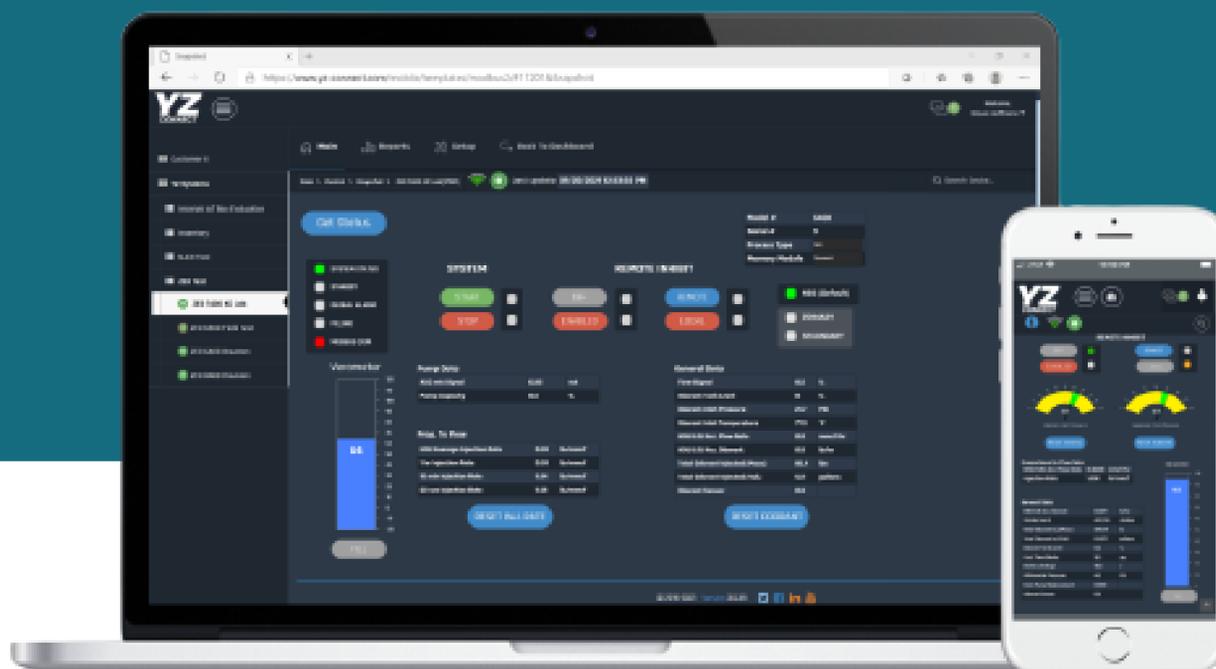

YZ CONNECT

The YZ Connect platform brings cloud-based, live data monitoring at your fingertips for legacy NJEX Systems and the new ZEO System.

Features

- Odorization program management across multiple sites
- Turnkey hardware solution - power supply, IS barrier and gateway
- Remotely control systems and update parameters*
- Customizable data reports and graphing
- Text and/or email alerts for alarms
- Alarm and parameter change logs
- Live data monitoring

Dependent on user access
